

A PROFILE OF ALABAMA'S RECYCLING ECONOMY

When communities invest in local recycling collection programs, they're supporting AL manufacturers who use recycled plastic, glass, metal, and paper to make new consumer goods.

Recycling isn't just about **smart** use of natural resources – it's about delivering **valuable** commodities to some of our most important businesses.

LOCAL INVESTMENT, REGIONAL RETURN

The Southeast is unique in its access to healthy recycling markets that feed regional manufacturing needs.

This map highlights key manufacturers who look to recycled materials to make their products.

Increased recycling rates help Alabama manufacturers source good, affordable manufacturing feedstock.

A 2010 SERDC study determined that Alabama is home to more than 26 manufacturers who rely on recycled content feedstock.

These companies:

- Generate more than **\$6.6 billion** in yearly sales
- Employ more than **10,700 Alabama citizens** directly working in the manufacture of recycled content products

RECYCLING IN ALABAMA a healthy industry poised to grow

Local commitment to recycling supports Southeastern companies who haul, recycle, and manufacture goods.

RECYCLING IS AN INVESTMENT THAT RETURNS AGAIN AND AGAIN ♻️

With more than 300 employees, KW Plastics in Troy, Alabama is the world's largest recycler of HDPE and PP plastic resins. Currently, KW receives enough plastic from Alabama to run the plant for only two days out of every year.

Since 2008, **Alabama** has invested **\$5 million** to enhance recycling.

If Alabama recycled
just **10%** more
materials each year,

the potential
economic impact
would equate to*:

over
1,400
new jobs

over **\$66**
million
annual
personal income

\$3 million
annual
state
tax revenue

*Using the 1,000 ton metric from S.C.'s Economic Impact Study

Results from a 2010 SERDC study to map demand of recycled feedstock in the Southeast US
